ORDER APPROVING
AMENDMENT TO RULE
TO SHOW CAUSE AND
WITHDRAWAL OF MOTION

On April 18, 1989, Berkeley Electric Cooperative, Inc.

Berkeley requests that the Rule to Show Cause in this proceeding be amended so as to ensure that Berkeley has plead that it is a franchise agreement to serve the City of Charleston. In that the pleadings in this case accurately reflect the current status of both parties in this proceeding with respect to their respective franchises to serve electric customers within the City of Charleston, the Petitioner requests that its Rule to Show Cause be amended on Page 3 by adding a new paragraph after No. 7

That the Petitioner possesses a franchise agreement with the City of Charleston allowing the Petitioner to provide electric service to such portions of Johns Island that are within Berkeley's previously assigned

territory from the Public Service Commission that are or may become parts of the City of Charleston, a copy of said franchise agreement is attached hereto as an exhibit and by reference incorporated herein.

The Commission finds that the amendment to the Rule to Show Cause should be granted in order to accurately reflect the current status to both parties to this proceeding.

On April 27, 1989, Berkeley Electric Cooperative, Inc. filed a request with the Public Service Commission of South Carolina (the Commission) to withdraw its Motion to Compel Answers to Interrogatories (the Motion) with South Carolina Electric & Gas Company.
